

GESCOM VCS

Vehicular Communications System

The most complete family of
**crew boxes for Software Defined
VCS and Intercom Systems**

Designed to **provide tactical encrypted
voice communications** for a wide range of
vehicles, platforms and configurations

MODEL:
SPK

RFE
RF ESPAÑOLA

rfe.es |

FEATURES

VOICE AND AUDIO

Transmit and receive intelligible, distortion free voice and audio signals, without interferences

RADIOCOM

By connecting the speaker to different crew boxes (RAU, ARAU and ATSS) it can receive all connected radios to the central server GESCOM VCS. Thanks to its included PTT button, this speaker can transmit voice using any connected radio

INTERCOM

By connecting the speaker to different crew boxes (RAU, ARAU and ATSS) this speaker can transmit and receive the internal intercom service

CREW BOXES

Can be connected to any crew box: RAU, ARU and ATSS

COMPATIBILITY

Works with all GESCOM VCS crew boxes

ADDITIONAL FEATURES

Hardened and durable tactical design
PPT button included for the local user
Connector for additional headset or handset
Independent volume regulators for speaker and headset/handset
Volume controls on the side of the device for easy access
Optional vibration-resistant mounting system
